The screenshot shows the Jira Kanban board for 'My Kanban Space'. The board is organized into three columns: 'TO DO' (2 items), 'IN PROGRESS' (2 items), and 'DONE' (1 item). The 'TO DO' column contains 'Testing' (KAN-5) and 'Deployment' (KAN-6). The 'IN PROGRESS' column contains 'UI Design' (KAN-3) and 'Backend Development' (KAN-4). The 'DONE' column contains 'Requirement analysis' (KAN-2). The interface includes a sidebar with 'Spaces' and 'Recent' items, a top navigation bar with 'Create', 'See plans', and 'Chat' buttons, and a bottom status bar showing weather and system information.

The screenshot shows a detailed view of the 'Testing' task (KAN-5) in the Jira Kanban board. The task is currently in the 'To Do' column. The 'Description' section contains a table with task details:

Task name	Status	assigned to
Requirement analysis	Done	Analyst
Ui design	In progress	Designer
Backend development	To do	Developer

The 'Subtasks' section is empty. The 'Details' section on the right shows the task is assigned to 'Unassigned' and includes options to 'Assign to me', 'Labels', 'Parent', and 'Due date'.
